

Year 1 Week 1

Noticing numbers

0 1 2 3 4 5 6 7 8 9 10 ...

Why is it your favourite?
What do you like about it?

Draw a picture with your favourite
number hidden in it

Do you have a
favourite or
lucky number?

Find that many toys or objects.
Make a model or pattern using
them.
How many different models can you
make?

Find your favourite number in your
house or garden.

0 1 2 3 4 5 6 7 8 9 10 ...

What is the biggest number you know?
What is the smallest?

Count up as high as you can.
Now count down again.

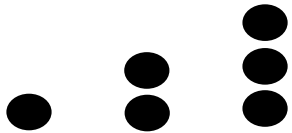

Big numbers
and little
numbers

Make a tower from toys or small objects. How many in your tower?

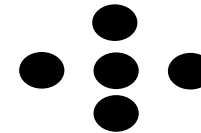

Do some exercises.
Count how many you can do.

0 1 2 3 4 5 6 7 8 9 10 ...

Draw a picture to show the numbers growing from 1 to 10.

Draw lots of patterns to show the number 5.

Number patterns

Make a repeating pattern using toys or pictures.

Draw lots of patterns to show the number 10.

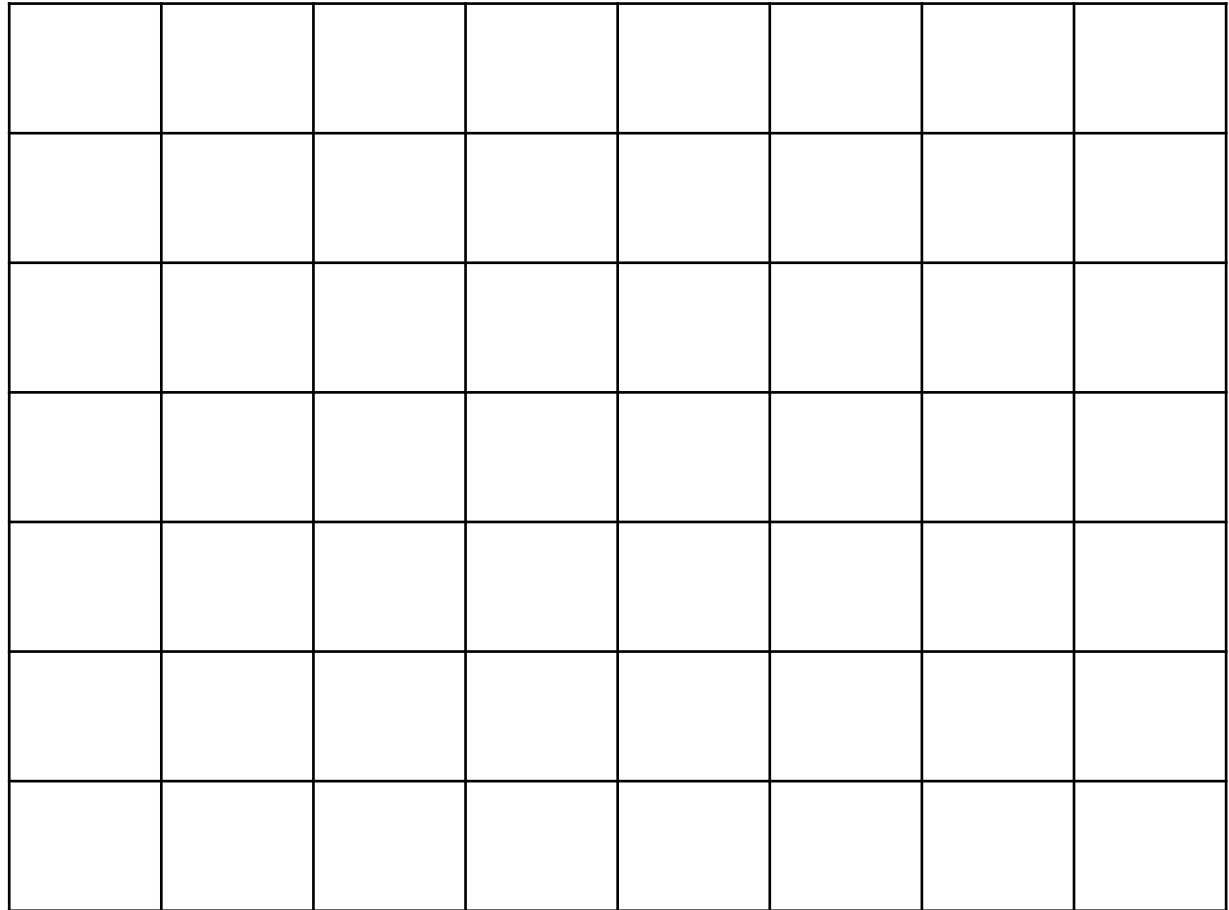

Number game

2 players.

Each choose a different colour.

Take it in turns to colour one box.

Try to get 4 in a row.

Learning to Learn

Play a memory game

For 2 players.

Player A

Make a pattern of up to 10 different objects

Show it for 5 seconds, then cover it.

Player B

Can you remember all the things you saw?

Practice memory skills

Try one of these:

Learn a song off by heart.

Invent a small dance routine to learn.

Learn the names of 10 countries.
